CNN- How it works?

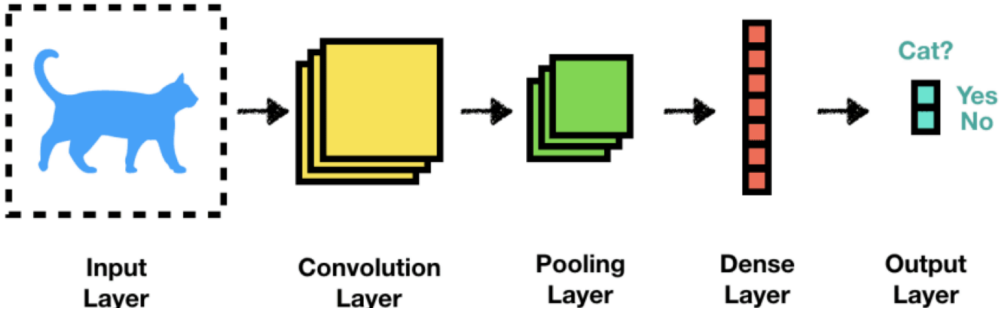

Figure: Convolutional Neural Network [Sha19]

Common deep networks architecture

COMPARATIVE FOR COMMON DEEP NETWORK ARCHITECTURES			
Network	**Year champion ILSVRC***	**Number of Layers**	**Accuracy**
AlexNet	2012	3	84.6%
VGG	2013	16	92.7%
GoogleNet	2014	22	93.3%
ResNet	2016	152	96.4%

Table: Deep network architectures. [GGOEO$^+$18]

*ILSVRC (ImageNet Large Scale Visual Recognition Challenge)

Methods to image analysis

Limitations

Advantages and disadvantages

Wich cases doesn't apply deep learning?

Dataset size it isn't enought.

Not sure about the object.

Deep learning vs. Classic methods
